

3.000 COMMITTEES OF PRESBYTERY

3.200 Committee on Representation

- A. The goal of COR is to insure that all governing bodies of the Presbytery of Northern Waters will reflect the rich diversity of its membership as it moves toward the goal of “wholeness” in the life of the church. Therefore, the Committee on Representation of the Presbytery of Northern Waters:
1. is encouraged to study/review the patterns of participation and inclusiveness on committees, boards, and agencies in the Presbytery of Northern Waters. Wherever possible, COR should consult with racial ethnic groups, women’s groups, persons with disabilities, etc.
 2. is expected to consult with the nominating committee and assist them in securing names of persons willing to serve on Presbytery committees, boards, and agencies.
 3. is encouraged to be in contact with other committees of the Presbytery about ways in which persons can be recruited for training on issues of inclusiveness.
 4. may assist the Presbytery and its committees, boards and agencies in the development of workshops around key issues raised in the church: racism training, unity and diversity conferences, better understanding of the diverse cultures within the Presbytery of Northern Waters and the PC(USA).
- B. The Moderator of the COR shall be responsible for communicating relevant information to the Presbytery and its committees, boards and agencies, and for completing a report evaluating COR’s work in the prior year. This evaluation shall be submitted to Presbytery for approval at its spring stated meeting; it shall then be attested to, and sent to the Synod of Lakes and Prairies, by the Presbytery Stated Clerk.
