

3.600 COMMITTEES OF PRESBYTERY: PROGRAM STRATEGY

3.601 Resource Center Policies

The following are the policies which the Presbytery Office will implement regarding the resources forwarded by the Resource Center of the Presbyterian Church (U.S.A.):

1. Presbytery will provide a printout of all existing materials and list the new materials available since the last printout.
2. Each member requesting a loan or review of any materials is requested to use the library card affixed to the video or audio tape, resource books or other materials. This is only to note who is using which materials available and to inform anyone who needs a particular resource who has that particular piece.
